MONUMENT REGULATIONS

1. Plots must be in Perpetual Care before a monument may be erected.
2. **Only one upright monument is allowed per plot on two or five grave plots.**
3. **On a single grave, the marker must be level with the grass. (Upright monument is not allowed).**
4. On two grave plots no monument will be more than 3'6" total height and 3'6" long, on five grave plots 5'0" total height and 5'0" long.
5. No artificially colored lettering or other decoration or darkening agents will be permitted on a monument. Raised letters are not allowed.
6. All markers must have foundations and cemetery personnel must put in such foundations.

7. All foundations must be paid for before the monument may be erected **on plots of two or more graves.**

8. Any monument with a die less than 8” thick must have two dowels of brass or aluminum or must be epoxied.

9. **No corner posts are allowed.**

10. A sketch of the monument must be sent to the Cemetery for approval and be approved in writing before the foundations will be put in.

11. Foundations will be poured three (3) times a year: deadlines for orders are, May 1st, July 15th, and October 15th. The monument company will be notified when the foundations have been poured.
